

# INTRODUCING CDM MUSIC!

**CDM Music** is now offering quality instruction in Piano, Voice, Violin / Strings, & Guitar. At *Conservatory of Dance & Music* we understand that students learn in different ways. While some students prefer the focus one-on-one lessons, other students progress better in a group environment. However, we do recommend that advanced students take private lessons in order to master proper advanced techniques. Group lessons are available this September for the 2012/2013 season. Private lessons can be booked as early as July 2012. We take pride in quality instruction. Our faculty and staff include members of the Royal Conservatory of Music as well as university level musicians. CDM Music is now offering music lessons to communities in the GTA, North York, Richmond Hill, Markham & Scarborough.

Register online starting May 15 for *CDM Music* Classes: Private lessons available July 2012  
Group Lessons offered Sept. 2012
